HOW TO ORDER

COLLECTING IN PERSON

If you wish to 'call and collect', you will always be made welcome at our shop and sales counter during business hours. Our Visitor Information Centre has lots of interesting details of each production model and the factories where they were produced.

Customers drive here regularly from all over Europe. Lincoln is a historic Cathedral city and is an excellent place to visit. We're about 2 miles south of Lincoln on the A15 Lincoln to Sleaford road (see map on back cover). We advise you to pre-check by phone that we have the part/s you want in stock.

We accept payment by credit, debit or charge card, cash, bank draft, travellers cheque, building society cheque, and personal cheque (when presented with a cheque card) even if the cheque card limit is exceeded, and by business cheque with accompanying letterhead.

ORDERING BY PHONE

Please quote your home postcode and part numbers where possible. This gives instant access to our computerised records and stock control system. If you have any difficulty in selecting the parts you need, our expert staff can help.

UK Payment for Phone Orders (See also "Overseas Orders & Payment.")

When you have checked on price, availability and delivery costs you can place your order by phone using Visa, MasterCard, Delta/Connect, Maestro, Solo, JCB, Diners Club, or American Express. You will merely need to tell us the card number, expiry date (or issue number), CVC security number, cardholder's full name and registered card address.

After Hours Ordering Service

We operate a 24-hour answering/ordering service which is available to card holders out of normal hours for both UK and Overseas customers. Just leave all necessary details on our telephone voice mails, ie your vehicle type, year, model, the parts and/or the part numbers you require, plus your name, address (inc. postcode), credit card details and delivery address (if different).

Writing out these details before phoning usually helps a caller to give us clear instructions. If at all possible, please also leave a daytime telephone number.

ORDERING BY POST

Triumph House, Sleaford Road, Bracebridge Heath, Lincoln, LN4 2NA, England.

We ask you to phone first if at all possible - to check your parts selection, and to advise of delivery charges. Because prices and availability sometimes change, we can also confirm the exact remittance needed avoiding unnecessary delays. If you have not been able to telephone, please give us all possible information - car type/year, RH or LH, front/rear etc - so we can check your selection (including your name, address and postcode) in all correspondence.

Use our Order Form if you can (see rear of Price Guide). It asks specifically for all the details we might need. Please photostat or request additional copies of the order form if required.

UK Payment for Post Orders (See also "Overseas Orders & Payment.")

Send your remittance with the order. The 'Pricing' section in the Price Guide tells you how to calculate the amount.

We accept payment by personal cheque even if the cheque guarantee card limit is exceeded. All we require is your full name and address on the back of the cheque along with your cheque card number and for business cheques, a relevant letterhead. Cheques or P.O.s made out "Rimmer Bros Ltd" please.

Note, if you are unsure as to the exact amount to send, you can write across the top of your cheque, "Cheque Value Not To Exceed £...". You can post us your credit card details if you prefer. If you send cash, note that we cannot accept responsibility for any loss, so registered mail is essential. Bank drafts and Building Society cheques are also accepted.

Trade & Wholesale enquiries welcome
Ask for a copy of our Trade Programme document and credit application form.

Errors & Omissions Excepted. All parts offered subject to availability. Correct at August 2010.
We reserve the right to alter prices without notice.

ORDERING BY FAX

01522 567600

Another facility for customers who wish to make enquiries, or order by credit, debit or charge card. Again, we will need your name, address (inc. postcode), credit card details including CVC security number and delivery address (if different). Plus fullest possible car/parts details - as for orders by post.

ORDERING ONLINE 24/7 & BY E-MAIL

www.rimmerbros.co.uk

E-Mail: mgrover@rimmerbros.co.uk

Use our E-Mail address for sending your order or parts enquiry. State if you require us to confirm prices, as they can sometimes alter at short notice.

MINIMUM ORDER VALUE

We respectfully request a minimum £5 order value. It is uneconomical for us to process an order for less than this amount. In addition, we have a minimum postage charge which inevitably pushes up the cost of small, low value parts. It is therefore better for you (and for us) if your order can be a minimum of £5 which results in far better value for money.

P.S. Why not add an oil filter to your order!

FRAUD PREVENTION

We wish to confirm to our customers that we do not show your credit card details on any paperwork nor do we pass on any details held on our database to any 3rd parties. We also now insist that your first order must be delivered to the card holders registered address. We will also ask for the 3 digit security number found on the signature strip. These measures for first-time users will help prevent unauthorised use of a credit/debit card. Additionally we randomly select orders for authorisation checks.

WARRANTY

PARTS WARRANTY All new and reconditioned parts are covered by a 12 month manufacturer's warranty unless specifically stated. You should notify us immediately if a potential warranty situation arises. The warranty period commences from our invoice date not from the date of installation or first use. This warranty covers defects to the part when fitted and used correctly for normal, everyday vehicle use but does not apply to parts used for any extraordinary or unusual uses such as competition, racing, rallying or parts subsequently stripped down, altered, modified or adapted etc. in any way from their original design or intended use. Although we are, by law, liable for death or personal injury caused by our proven negligence and by The Sale of Goods Act 1979, our warranty only covers the parts in question and not to any consequential loss or cost, e.g. garage labour, recovery, car hire, re-delivery, parking fines, etc. No claim will be validated if the failure is caused by mis-use, neglect, overheating, incorrect installation or failure of a related component. Any part replaced or repaired under warranty, will only benefit from the balance of the cover remaining from the original purchase date. Warranties are not transferable. Acceptance of goods is deemed as acceptance of these terms. The warranties are in addition to, and do not affect your statutory consumer rights.

How to Claim In the rare event of a new or reconditioned part becoming faulty, please notify us immediately. It must be returned to us together with the original invoice or proof of purchase with as much information relating to the fault as possible.

Please note that the defective part must be returned and received before it can be exchanged.

CHECK OUR WEBSITE FOR UP TO DATE PRICES

GENERAL INFORMATION

PRICING

Prices We show two columns of prices, one excluding VAT (for worldwide, outside EC countries) and one including VAT (currently 17.5% for UK and EC countries). The cost of delivery should be added to the cost of the part(s). See 'Delivery Methods'.

Prices in this **Price Guide** were correct at the time of going to press but are subject to change without prior notice. **Please confirm all prices when ordering.**

All goods are sold subject to the price ruling at the time of invoicing.

Note:- up to date prices are available on our website.

VAT Residents of UK and EC countries pay VAT (currently 17.5%) on parts and delivery. For EC businesses who are VAT registered, we require your VAT number and official order to export at VAT exempt prices.

For worldwide (outside the EC) orders sent direct from our premises, VAT is not applicable.

N.B. Books and manuals are currently zero rated for VAT purposes.

Written Quotation

If you require a written quotation for the part(s) and/or delivery charge(s) before ordering, please ask.

DELIVERY METHODS

UNITED KINGDOM

Delivery charges (including packaging & handling) are calculated on the weight of the consignment (and volume if large/bulky item) and the desired delivery method (Royal Mail, UPS, etc.) If you are posting your order to us then please request an exact remittance. All prices subject to change.

Post from £2.75 (+ vat)

Carrier from £9.95 (+ vat)

Supplements are applied to Next Day, Saturday, Royal Mail Special Delivery and out of area rural destinations including Highlands, Scottish Islands, Northern Ireland, Isle of Man, Isle of Wight and Channel Islands.

Any quoted delivery times are for 'Working Days' from despatch and exclude weekends and bank holidays. All delivery times are guides, no guarantees can be given. Certain large or bulky items may incur additional packing charges. Please note that the delivery driver may need assistance to unload large/ heavy items - Please advise if special delivery arrangements are required.

OVERSEAS

Worldwide (Non EU Countries)

We started exporting parts worldwide in 1982 and since then we have gained an excellent reputation for our speed and efficiency of service. Delivery costs are based on size, weight and method of delivery. We have discounted rates with well known carriers, so costs are kept to a minimum. Please note that costs are calculated by carriers on both actual and dimensional weights and the higher is charged. Send us a list of the parts you need (using post, phone, fax, our website or e-mail), tell us quantities and urgency, and we will work out the best delivery method and quickly advise you of the cost. Written quotations are available on request. Please note that any local import duty, taxes or customs clearance are not included in our prices and must be paid by you.

EU Countries

The European Union Single Market permits the free movement of goods between all EU countries. This allows us to provide a superb service to all our customers within the EU, with the benefits of improved delivery - via lower charges and easier documentation. Deliveries can be easily arranged using air or surface transport. Please request a competitive quotation for the cost of shipping. Deliveries can take 3-7 working days from despatch. If you are posting your order to us, please request an exact remittance.

Overseas Shipping - Guide Prices

The table below indicates the shipping cost of a single (non oversized) parcel to certain destinations and exclude vat (where applicable). The prices are subject to any increased costs imposed by the carrier, such as increased fuel surcharge etc. We quote separately for oversized/heavy consignments and any packaging charges. As noted above, exact costs will only be known once the order has been packed, weighed and sized.

DESTINATION	5kg	10kg	15kg	30kg
France/Germany*	£14.50	£14.50	£14.50	£14.50
Italy/Spain*	£19.50	£19.50	£19.50	£19.90
Switzerland/ Norway	£24.50	£30.95	£37.75	£37.95
USA	£37.50	£49.95	£60.50	£91.50

*Note: excludes VAT (currently 17.5%)

OVERSEAS ORDERS & PAYMENTS

We supply parts to Car owners worldwide. Delivery costs vary greatly (depending on size/weight/urgency). We can quote accurately for the cost of parts and delivery once your requirements are known.

Payment by Export Customers

Choice of payment methods for customers overseas:

- Credit card, debit card or charge card.
- Bank cheque - in ££s sterling drawn on a London Bank.
- Travellers Cheques (signed) - in ££s sterling or euros (see note below).
- Bank transfer in ££ sterling or euros (see note below) - add £7.00 to cover bank charges.
NAT WEST Bank, Account No. 05839874.
Sort Code 54-10-23.
££ sterling IBAN No GB74NWBK54102305839874
Euro IBAN No GB25NWBK60720906848516
IBAN BIC CODE NWBKGB2L

PLEASE NOTE THAT ALL TRANSACTIONS WILL BE CARRIED OUT IN £ STERLING UNLESS PREVIOUSLY AGREED IN EUROS. PLEASE QUOTE YOUR RIMMER BROS CUSTOMER NUMBER IN ALL CORRESPONDENCE WHERE POSSIBLE.

BACK-ORDERS

Back-ordered items are not charged for until despatch. Upon despatch we will charge the price quoted at the time of ordering. Prices will be unaffected by any subsequent price alterations unless advised in writing to you. Please notify us in writing (letter, fax or e-mail) if you wish to cancel any back ordered items. Back orders will be automatically cancelled after 6 months.

SPECIAL ORDERS

Certain items (coloured trim, carpets, hoods etc) are sometimes only available by special order. This means we have to order them for you specially from the manufacturer. For this reason, we require a 20% non-refundable deposit upon taking your order. The balance is payable when the goods are despatched. Please note that special order items can take several weeks to be supplied.

TROUBLESHOOTER GUIDE

PLEASE CHECK YOUR PARCELS

When you sign for a parcel please inspect it carefully. If it has suffered in transit you can mark the delivery note "Parcel Damaged" before signing or even refuse delivery in serious cases. We do, of course, pack carefully and strongly to help avoid these problems!

Some deliveries involve more than one parcel - please check that ALL have been received.

We must be advised within 48 hours of delivery of any shortages or damaged goods.

LOSS IN TRANSIT

If your parcel does not arrive, we have to establish our claim with the carriers concerned before we can send a replacement consignment. This can sometimes be a lengthy process and if your part is needed urgently a second order can be paid for to save time. We refund one of your orders as soon as the carriers clear our claim.

For items lost by post, 15 working days must elapse (from delivery due date) before a claim can be made, as the Royal Mail will not consider an item as lost until after this period.

RETURNS

All returns MUST be pre-authorized with a returns authorisation (RA) number. Returned products without an RA number will be subject to delay and possible return to sender.

RETURNS OF EXCHANGE 'OLD' UNITS.

There is no specific time limit for the return of exchange old units, except for genuine MGR parts, where old core must be returned within 80 days. Please contact us prior to returning the old unit for a 'Return Authorisation Number'. This speeds up the process of returning the surcharge refund. See reverse of invoice for full details of return procedure.

Please note that old core must be complete, serviceable and drained of fluids where applicable. We reserve the right to retain all or part of the surcharge if the unit is irreparable, damaged or not identical to the type supplied.

RETURNS OF PARTS NOT REQUIRED - WITHIN 7 DAYS

All goods sold by mail order are covered by the Consumer Protection (Distance Selling) Regulations, which allow for a seven day 'cooling off' period during which you may cancel your order (in writing) by sending us a letter, fax or e-mail at any time up to and including the seventh working day after the day on which you received your purchase. If you exercise your statutory right to cancel you must immediately return to us (at your own cost), the item(s) that you do not wish to keep. Carriage charges are non-refundable. We will acknowledge receipt of your written cancellation by issuing a 'Returns Authorisation Number' which should be quoted and accompanied by a proof of purchase or

PART NUMBERS

In general, we use MG Rover part numbers to identify original equipment (OE) MG Rover Parts. When an alternative to the OE part is offered (aftermarket) then the part number is identified with a 'P' suffix. Similarly, other variants of the part may be available, such as uprated (UR) or stainless steel (SS) etc.

invoice when returning the goods. Please ensure all goods are adequately packed to avoid damage, that you insure them accordingly with the carrier used and obtain a proof of shipment. Please note that all goods must be in the condition supplied at the point of sale and with their original, undamaged packaging. Returns are not permitted on parts specially ordered by Rimmer Bros on customer's behalf.

RETURNS OF PARTS NOT REQUIRED - WITHIN 7-28 DAYS

As an added benefit to Rimmer Bros customers and in addition to your statutory cancellation right (as detailed above), returns may be considered outside the 7 day cooling off period up to and including 28 days after you receive your purchase, subject to the following criteria.

Please note that any offset, credit or refund will be at the sole discretion of Rimmer Bros' Ltd. A 'Returns Authorisation Number' must be applied for within the 7 to 28 day period. Where goods have been correctly supplied, it may be possible to offset the full value of the return against another order of the same or higher value. Alternatively, a credit note (for the full value) could be offered. Please note that any cash refund will be subject to a handling charge (typically 15% min £5) to cover administration and re-stocking costs. Carriage charges are non-refundable.

All goods returned for a credit or exchange must be accompanied by our invoice quoting the 'Return Authorisation Number'. Please complete the form on the reverse side of the invoice.

Goods must be adequately packed to avoid damage. You should insure them accordingly with the carrier and obtain a proof of shipment. No responsibility can be accepted for goods received by us damaged. Goods must be in the condition supplied at the point of sale and with their original, undamaged packaging. Returns are not permitted on parts specially ordered by Rimmer Bros on customer's behalf.

RETURNS OF PARTS NOT REQUIRED - OUTSIDE 28 DAYS

No returns will be considered after 28 days unless covered by the terms and conditions of our warranty.

OTHER RETURNS

Other returns will be dealt with in accordance with your statutory rights, if applicable, or our warranty.

RETURNS PROCESSING

Please note that returns are processed as quickly as possible. During busy periods, especially in the Spring & Summer, returns may take up to 14 days to process.

Your statutory rights remain unaffected.

GENERAL INFORMATION

AFTERMARKET PARTS & ACCESSORIES

An alternative to genuine MG Rover Parts & Accessories....

Did you know that Rimmer Bros are developing a range of affordable, fast - moving Aftermarket Parts & Accessories for MG Rover Models?

OE (Original Equipment) parts are generally accepted to be of the highest quality. Being made to original specification, they offer perfect fit and a long service life. Most parts are only available as OE, but high demand parts such as Service Items, Brakes, Exhausts, Clutches, Suspension and Shock Absorbers are often manufactured by non OE suppliers and are usually available with a significant cost saving.

Sometimes, certain parts are sold as Aftermarket but are in fact OE, but without the MG Rover branding and packaging. Quite often, Aftermarket parts are a well known brand such as QH, Lucas, TRW, AP Driveline, Unipart etc to name a few - so you are assured that the parts are of suitable quality.

All Aftermarket parts are sold with the same 12 months warranty.

To help identify these parts (in the pricing section at the rear of this catalogue pages 124-151 or on our web site), we suffix the end of the MG Rover part number with a 'P' (for Pattern). For example, MG ZT Front Brake Pads are sold under SFP000040 as OE MG Rover and SFP000040P as Aftermarket. It is therefore easy to compare prices and see the alternatives that are available. We also use this part numbering system to show other variants of the same part. For example, an Uprated Brake Disc would have a 'UR' suffix and a Polyurethane variant of a Standard Bush a "POLY" suffix. The part description will also help confirm the alternative(s).

NEWS

Use our website to place your order using our Electronic Parts Catalogue

On-line Price & Availability

Parts Diagrams & Photographs

Easy, Secure Ordering

This Quick Finder Catalogue is intended as a summary listing only for the most popular parts for each model. The full range of products we offer, some 600,000 individual part numbers, can only be found on-line in our Electronic Parts Catalogue where we have line drawn parts diagrams, model range information, photographs, fitting instructions and live stock availability.

Our website also features news, new products, shopping by brand and clearance lines at bargain prices.

Simply navigate in your web browser to www.rimmerbros.co.uk and follow these straightforward instructions:-

- 1) Have to hand any relevant information, such as make, model, vin number, engine number, colour code and also your credit or debit card.
- 2) Click on your vehicle model in the list near the top of the page.
- 3) Click on the section heading that matches the part(s) you require.
- 4) Click on the listing that includes the part(s) you require.
- 5) The item number in the illustration will guide you to the listing in the table below, any additional information such as vin number change point, model application, colour options, quantity required per vehicle will also be shown here. Any alternative versions will be shown such as aftermarket or uprated products. Price and availability are shown to the RH side of the screen.
- 6) Having made your selection, enter the quantity you wish to order in the relevant box on the screen and click the "Add To Cart" button.
- 7) You will be taken to the shopping cart page where you will be shown options to proceed to the checkout, continue shopping, amend your order etc. There is an option to view an example price in 5 different currencies (please note: all orders will be processed in £ Sterling) and the available shipping options will be shown including a guide price if known.
- 8) Once you have completed your order click the "Proceed To Checkout" button where you will have 3 options, for our new customers the middle option allows you to create an account with a password of your choice which has many benefits including email order confirmations, email shipping confirmations, access to your "Wish List", on-line order status, email notifications of sales offers etc. Alternatively the guest checkout option allows checking out without registering.
- 9) Once you have entered your address, contact details and payment method click on the "Continue" button and you will be taken to the order summary page where a recap of your order will be shown and you will have another opportunity to make any last minute adjustments, enter order comments and adjust shipping options. When you are happy to proceed simply select the vehicle that you are ordering for from the list at the bottom of the screen and click on "Submit Order".

quoting vehicle details.

RIMMER BROS

PHONE SYSTEM

Our phone system (or 'communication platform' as it is officially known!) speeds up call answering and routing.

The options quickly direct you to the right group of people who can handle your enquiry. Whether an order or customer service issue, you call should be handled quickly and efficiently.

Please note that calls may be recorded for training and for the benefit of our customers.

Who are we?

XPart is today the fastest growing automotive parts marketing and distribution organisation in Europe.

XPart is a division of Caterpillar Logistics UK Ltd and is the continuous driving force for the worldwide sourcing and supply of all MG Rover aftermarket parts.

Availability

XPart has been responsible for the supply of replacement MG Rover parts since 2001 and are committed to the supply of MG Rover parts for the foreseeable future.

6

Simple steps to make it your call!

Close Call

Close Call is a programme aimed at keeping MG Rover vehicles on the road by reviewing parts prices on body and mechanical products, so that repair costs become economically viable.

A programme that will build close working relationships between Insurance Companies, Bodyshops and vehicle repairers to ensure all MG Rover vehicles are kept on the road where possible.

A programme that will guarantee a response turnaround time of 24 hours from receipt of the estimate from the repairer.

Why?

The aim of 'Close Call' is to keep where possible MG Rover vehicles on the road. We have analysed car parc trends and we are determined to keep as many MG Rover vehicles on the road as possible.

When it's a close call Make it your call

Benefits to all

There are clear benefits to all parties involved if we can reduce the number of MG Rovers being declared write offs or scrapped.

Body or Mechanical Repairer -

If we can agree with the Insurance Company or vehicle owner a revised part pricing proposal then the vehicle will be repaired. Via the repair, the bodyshop or mechanical repairer will benefit by providing parts, labour and paint etc. - not possible if the vehicle is written off or scrapped.

Insurance Company -

There are costs behind writing off a vehicle which could be saved.

Customer -

By using 'Close Call' they keep their beloved MG Rover on the road.

XPart -

Keeping MG Rover Vehicles on the road.

1 MG Rover vehicle taken to a nominated Repairer.

The Repairer generates an estimate.

2 The Insurance Company/Vehicle Owner receives the estimate from the Repairer.

If the vehicle is deemed uneconomical to repair, then it's a 'Close Call'.

3 The Repairer contacts the 'Close Call' team.

The Repairer submits a copy of the estimate and a request form to the 'Close Call' team with Pre-Accident Value of the vehicle and parts saving required.

4 The 'Close Call' team review and return revised pricing to the Repairer.

The 'Close Call' team will keep the vehicle on the road where possible. Turnaround time by the 'Close Call' team will be 24 hours.

5 The Insurer/ Vehicle Owner decides whether the vehicle is now economical to repair.

The Repairer contacts the 'Close Call' team with their decision.

6 The 'Close Call' team processes the parts order, with agreed pricing.

Parts are delivered to the nominated Repairer.

New MINI parts

Rimmer Bros now stock a range of Service and Wear parts for the New MINI!

In conjunction with XPart and some of our existing suppliers, we can offer owners a selection of affordable parts and accessories, ideally suited to the DIY owner or for fitment at an independent workshop.

Our range is ever expanding. You will find a list of parts on page 98 (together with prices on page 124 to 151) to cover most of your day to day requirements. For items not listed - please ask!

With over a million cars now on the road, and the oldest models some 9 years old, we believe the demand for parts is very high. Like all the vehicles that Rimmer Bros supply parts for, the New MINI has very British roots (although now owned of course by BMW but produced at Cowley in Oxford) and therefore fits snugly with our 'family' of cars and parts.

Rover in fact, started work on the New MINI back in 1993 which was soon enhanced by the arrival of BMW the following year. The original Mini (which we class as the Rover Mini and already supply parts for) has its origins back in the 50's with Alec Issigonis's first design. It's production continued into the 90's, but with ever increasing EC emission regulations, drive-by noise ratings and impending EuroNCAP crash testing demands, its long-term fate was clear. In addition, the Mini was exceptionally labour intensive and therefore expensive to produce.

It was time for a change.

Rover was working on a replacement for the Metro, so therefore was looking for a new design that would replace both cars. The New MINI was the solution. When BMW bought MG Rover from British Aerospace in 1994, they inherited early designs of the New MINI and allowed Rover to continue on with its development. However, BMW also had some ideas for the New MINI and after many years of development from concept cars in 1997 to the official launch in 2000 (when "Mini" became 'MINI') and finally to its debut on the UK market in July 2001. Since then, this very successful car has been enhanced and developed with many new models and variations. Manufacturing output is now at record levels.

Attractively priced and with strong residual values, the New MINI is a worthy successor to its predecessor.

See page 98 for details on parts available.

GENUINE PARTS & ACCESSORIES

Authorised Land Rover Parts Distributor

Rimmer Bros is an authorised Land Rover Parts Distributor. We offer a full range of genuine Land Rover parts and accessories for all Land Rover vehicles - right up to the latest models!

We also have access to products supplied by Land Rover Classic Parts covering some of the older models.

Please contact us with your requirements.

Counter service, mail order and local trade delivery. Discount for trade (and retail!).

NEWS

LAND ROVER PARTS DEPARTMENT

For fellow Land Rover enthusiasts, we have a dedicated department staffed by people who know your car!

Land Rover Parts Sales: 01522 568000 Option 2
Fax: 01522 567600 E-mail: LRsales@rimmerbros.co.uk

In addition to genuine Land Rover parts, we also offer quality aftermarket parts in certain cases which can often give significant cost savings.

Ask for your free Rimmer Bros catalogue for Range Rover Classic, Series 2 (P38) & 3, Discovery Series 1, 2, 3 & 4, Freelander Series 1 & 2, Defender or Series 2 & 3.

We also stock a comprehensive range of **STAINLESS STEEL EXHAUSTS** for all Land Rover models (including certain sports systems) along with catalyts if required. Powerbox digital engine management upgrades are also available for all Land Rover TD4, TD5, TD6 & TDV6 diesel engines offering improved performance and economy.

Please contact us with your requirements for any Land Rover. Counter service, local trade delivery or mail order. Discount for trade (and retail!).

MGF/MGTF HARD TOP

A Heritage Hardtop that fits both the MGF and the MGTF.

A classically styled Heritage hardtop evoking images from the great days of MG's. Sleek stylish and secure it makes the MGF/TF equally at home for high speed continental touring or daily commuting. Crafted and designed with the approval of the vehicle's designer and uniquely incorporating the bonnet and boot lid feature lines with an MG Octagon on the B post extension. The exterior comes in black gel coat ready to paint to your individual requirements. The interior is finished with an Alcantara headlining and has a heated glass rear window as standard. Installation and removal are simple operations as the hardtop is fixed to the standard factory fitted latch points.

GENUINE SERVICE REPLACEMENT PETROL ENGINES

The demise of MG Rover in April 2005 led to the residual values of MGR vehicles taking quite a knock. It is good to see that the market for MGR used vehicles has recovered from this initial shock now that people realise that parts are still readily available. This commitment is clearly shown by the Service Replacement Engine Program that Xpart have announced. This offers extremely high quality units at very competitive prices, made even better value for money by the Rimmer discount. All units are fully factory tested after remanufacture with only 100% genuine parts being used. All units carry a full 12 months warranty. An old core surcharge has also been set a low level. This is refunded on receipt of a reconditionable engine. Also, see our website for any clearance bargains!

DIS-CAR-NECT

HOW DOES 'DIS-CAR-NECT' WORK ?

When leaving your car, simply remove the knob to isolate the starter circuit. The 16 amp by-pass fuse will maintain current to all other electrical circuits (central locking, stereo memories, alarm etc). Because the starter motor draws over 150 amp's, any attempt to connect (hot wire) the starter motor will instantly cause the fuse to blow. This immobilises the car until the knob is replaced. If this should happen, simply replace the 16 amp fuse at a convenient time.

As an added advantage, the 'Dis-Car-Nect' will also prevent battery drain if you intend to store your car, simply unscrew the knob and remove the fuse. For extra security, unscrew and remove the immobiliser knob completely.

Fits all vehicles and is easily fitted to any battery terminal.

Full installation instructions supplied with every unit.

NEW PRODUCTS

ROVER 75/MG ZT/T POWER BOX2

**FOR IMPROVED ECONOMY
& PERFORMANCE**

**PLUG IN A
Power Box!**

- **More power & torque**
 - **No loss of economy**
 - **Easy installation**
- Significant power & torque increases are achieved by simply plugging in a Power Box.**

Power Boxes also available for other makes of diesel vehicle, including: ALFA AUDI BMW CHRYSLER CITROEN FIAT FORD HONDA HYUNDAI IVECO JEEP KIA LANCIA MAZDA MERCEDES MG MITSUBISHI NISSAN OPEL PEUGEOT RENAULT ROVER SAAB SEAT SKODA SUZUKI TOYOTA VOLVO VW

DIESEL PLUG-IN POWER UPGRADE

FOR ROVER 75 & MG ZT/T DIESEL

Installation is relatively easy, with no specialist tools or skills required.

No irreversible modifications are made - the Power Box can be removed just as easily and the vehicle reverts to its original state.

HOW DOES IT WORK?

Power Box is a high quality, *digital* management upgrade, incorporating a modern RISC microprocessor. The "chip" is carefully programmed - using the manufacturers standard fuel map as a foundation - and modifies the opening times of the injectors, which then accurately meters the extra fuel required. Unlike many *analogue* devices, which crudely over-fuel throughout the entire rev-range, each Power Box is specifically mapped for the intended application. Extra fuel is provided when needed - eliminating flat-spots and hesitation - but there is no unnecessary enrichment, meaning no loss of fuel economy and no *black smoke*. In fact, most Power Box users report a noticeable improvement in fuel economy, as they discover it's no longer necessary to work their vehicle so hard.

WHERE IS IT FITTED?

On most vehicles, the Power Box fits under the bonnet, interrupting the wiring loom from the engine ECU. All Power Boxes are fitted with the original vehicle connectors, so installation is simply a case of unplugging the relevant connector and plugging in the Power Box. Full instructions are supplied and no special tools or skills are required.

Power Boxes are small, neat and discrete. They are fully encapsulated in resin and are shock resistant. Care, of course, should be taken to locate the Power Box away from the effects of water.

HOW MUCH POWER WILL I GAIN?

On average, Power Boxes give around 20% increase in power and 15-20% increase in torque. However, more important is how the vehicle *feels*: throttle response, crispness and driveability are all immeasurably improved, while flat-spots and sluggishness are virtually eliminated.

ADDITIONAL POWER GAINS

We also strongly recommend fitting a K&N air filter with a Power Box. This will allow the engine to breathe and perform more efficiently (K&N's can also be cleaned and re-used). Please see page 49.

WHY NOT JUST HAVE MY ECU RE-CHIPPED?

Unlike an ECU chip, a Power Box can be fitted and removed easily. Also, as the Power Box doesn't disturb the ECU, its presence cannot be detected by diagnostic equipment. Finally, when the vehicle is sold, the Power Box can simply be removed if required and refitted to another vehicle.

In addition, Power Boxes are:

- ✓ TUV approved.
- ✓ Fully compliant with original exhaust emissions standards.
- ✓ Non-damaging to your engine.
- ✓ Power Box is covered by a 3 year guarantee (limited liability).

Push on	62-1010	14.08	16.54

ROTOR ARM

Modelled on the original, dependable 1960's design, but made from modern materials on the latest machinery to very close tolerances. These RED ROTORS will not let you down. The integrally moulded brass inlay dispenses with the troublesome rivet used on most versions which is known to short circuit. The increased insulation properties of the body makes them suitable for use with high voltage coils & electronic ignition kits. The spring steel clip on the underside, in conjunction with a revised internal tolerance assures a really snug fit, even on old & slightly reduced diameter mountings.

NEW PRODUCTS

MGF/MGTF COMPLETE LEATHER SEATS

Available in 6 colours:
Porcelain green/dove grey, Dove grey/dark grey, British racing green, Black/white, Black/red piping, Red/Grey.

This late style MGF & TF seat lends itself to be a seat that you can choose very nearly any colour combination to suit you. We would suggest that you call us first to discuss your ideas, then we can agree a colour combination to match materials we can offer. Once we know your exact requirements, we will make up the seats and send them to you on an exchange basis.

Description	Part No.	Price £ ex vat	Price £ inc. vat
Leather 'Classic' Seats Complete Sold on exchange basis.	RP1149	638.30	750.00

MGF/MGTF DOOR PODS

If you are not happy with the dull cloth fitted in the centre of your door panels, we can offer you replacement parts so that the cloth is exchanged for high quality leather.

Instructions: To fit the leather door pods, you will need to remove the original Factory cloth inserts and press the new pods over the door casing. These items have been designed to be a tight fit but extra double sided adhesive will ensure they stay in place. Full instructions given.

Available in 6 colours: Black, British racing green, Cream, Light stone beige, Red, Tahiti Blue.

Description	Part No.	Price £ ex vat	Price £ inc. vat
Door Pods Leather Covered - pair	RP1151	91.90	107.98

MGF/MGTF OCTAGON LOCK RELEASE TRIM

They might only be small, but these beautifully crafted aluminium Octagons fitted on top of your door panel will cause a stir in the MG circles. Easy to fit and they look very classy.

Instructions: Simply insert the blade of a knife under the black original items and pull out of door casing. The new aluminium items should be a tight push fit in the hole. If slightly loose apply a small amount of adhesive under the Octagon.

Description	Part No.	Price £ ex vat	Price £ inc. vat
Octagon Lock Release Trim - Pair	RP1156	18.51	21.75

MGF/MGTF CENTRE CONSOLE LID & 'T' BAR

CENTRE CONSOLE LID

Most MGF's have the standard plastic "Cubby" box lids fitted. We can offer you Leather covered replacements on an exchange basis. They are sold as a matching set ready assembled (with contrasting top stitching if needed).

Instructions: All you need to do is undo four screws, fit and rescrew, takes about 5 minutes.

Available in 6 colours: Black, British racing green, Cream, Light stone beige, Red, Tahiti Blue.

'T' BAR

This 'T' bar, seen here behind the headrests, when fitted in conjunction with our centre console lids, will dramatically change the whole appearance of the interior of your MG. If they are covered in the same leather as your seats, you will have a complete matching set. This item is sold on an exchange basis.

Instructions: Basically held in place by three screws and plastic pull out clips. The seat belt bolt on the outside of each seat needs to be removed to allow the seat belt to pass through the holes in the T bar. Full pictorial instructions given.

Available in 6 colours: Black, British racing green, Cream, Light stone beige, Red, Tahiti Blue.

Description	Part No.	Price £ ex vat	Price £ inc. vat
Centre Console Lid, Upper & Lower Leather Covered	RP1154	160.00	188.00
'T' Bar Leather Covered	RP1155	157.45	185.00

MGF/MGTF DOOR POCKETS

These ingenious pockets are easily fitted. They come with a special Velcro backing which attaches to the carpet on the door casing and the corners are held firmly in place by self tapping screws and caps.

Available in 6 colours: Dove grey, Dark grey, Biscuit, British racing green, Cream, Red.

Description	Part No.	Price £ ex vat	Price £ inc. vat
Door Pockets -pair	RP1150	42.55	50.00

MGF/MGTF GEAR LEVER GAITER

All Mk.I cars had black vinyl gear lever gaiters-so perhaps you would like a different colour- we can help you. Easy to fit with our instructions

Available in 5 colours: Black, Dark grey, Biscuit, Cream, Red

Description	Part No.	Price £ ex vat	Price £ inc. vat
Gear Lever Gaiter & Grip Assembly, Leather	RP1152	22.98	27.00

MGF/MGTF HANDBRAKE GAITER & GRIP ASSEMBLY

Our leather handbrake grips are only available in black, but are supplied with a leather gaiter that can be made from a wide range of colours. When used in conjunction with the leather gear knob these items add that finishing touch to the centre console area.

Instructions: Not a difficult operation at all. The grip and gaiter are assembled as one unit and you need to just unclip the gaiter from the console and twist the grip off. Replacement is the reverse operation.

Available in 8 colours: Dove grey, Dark grey, Biscuit, British racing green, Cream, Light stone beige, Red, Ash Grey

Description	Part No.	Price £ ex vat	Price £ inc. vat

UNLEADED FUEL ADDITIVES

FROM
£8.00
(£6.81 ex vat)

Bottled additives are available which can be mixed with either 'Premium' or 'Super' unleaded depending upon application. It usually works out cheaper to use bottled additives than leaded or LRP - work it out for yourself!

Description	Part No.	Price £ ex vat	Price £ inc. vat
Castrol Valvemaster; 250ml	RX1407VM	6.81	8.00
Plus (250ml)	RX1407VMP	9.56	11.23

Endorsed by the federation of British Historic Vehicle Clubs (FBHVC), having been independently tested and approved, both products offer a high level of protection against valve seat recession under all driving conditions. In addition, castrol valvemaster plus provides an octane boost to premium unleaded petrol which reduces pinking or knocking on high compression or performance applications. This also usually avoids the need to re-tune your engine. Treats 250 litres of petrol.

RIMWAX

£15.50
(£13.19 ex vat)

RimWax - provides extreme shine and protection for all wheel finishes including chrome and alloy wheels.

Don't let dull, dirty rims ruin the look of your freshly washed and waxed car! RimWax is the answer. RimWax is a specialized cleaner, polish and wax that quickly restores a bright, polished and protected wheel finish. The anti-static RimWax formula actually helps repel brake dust to reduce dust buildup by as much as 75%.

The fine RimWax polish brightens all chrome, polished aluminum and factory clear coat finish wheels. The ultra-tough RimWax sealant protects wheels for months, preventing water spotting and staining from road contaminants and brake dust buildup.

Features

- Professional Wheel Polish and Sealer
- Removes bonded brake dust and oxidation
- Polishes clear coated, polished and chrome wheels
- Shines, protects and repels brake dust

TURBO-GUARD

Ideal protection for all TD owners!

Turbo failure can often be attributed to oil starvation both at start-up and shut-down. Oil can 'carbonise' in a hot turbo after the engine is turned off and the turbo is still revolving, effectively allowing the turbo to run-on unlubricated! At start-up, the turbo will revolve momentarily on dry bearings until the oil pressure builds up from the engine.

Turbo-Guard stops this from happening. It is a reliable, automatic, maintenance free device that ensures pressurised oil is present at all times.

Comprising of an oil accumulator tank, oil feed hose and a one-way check valve, it can easily be installed by a competent person.

The kit is for universal application and will therefore fit a variety of applications.

Description	Part No.	Price £ ex vat	Price £ inc. vat
TURBO-GUARD	RX1547	144.68	170.00

£130.00
(£110.64 ex vat)

TURBO INSULATION KIT

Designed to reduce turbo lag and reduce under bonnet temperatures.

The Turbo Insulation Kit adds additional horse-power while protecting costly components from unwanted under-bonnet heat.

Designed to fit all turbo installations, the kit comes complete with all the materials for a clean, professional looking installation.

Description	Part No.	Price £ ex vat	Price £ inc. vat
TURBO INSTALLATION KIT	RX1546	110.64	130.00

£95.00
(£80.85 ex vat)

AIR INTAKE PIPE COVER

Reflects heat away from air intake and intercooler pipes!

This product is designed to reflect heat away from the air intake pipe allowing cooler air to be introduced into the engine intake for a denser air/fuel charge.

Ideal for most applications including intercooler pipes for added power and engine efficiency!

Made from heat treated fibreglass with a reflective coating, it is easily installed (without tools) with the full length hoop and loop closure system.

Size: 36" long x 14" wide.

Description	Part No.	Price £ ex vat	Price £ inc. vat
AIR INTAKE PIPE COVER	RX1548	80.85	95.00

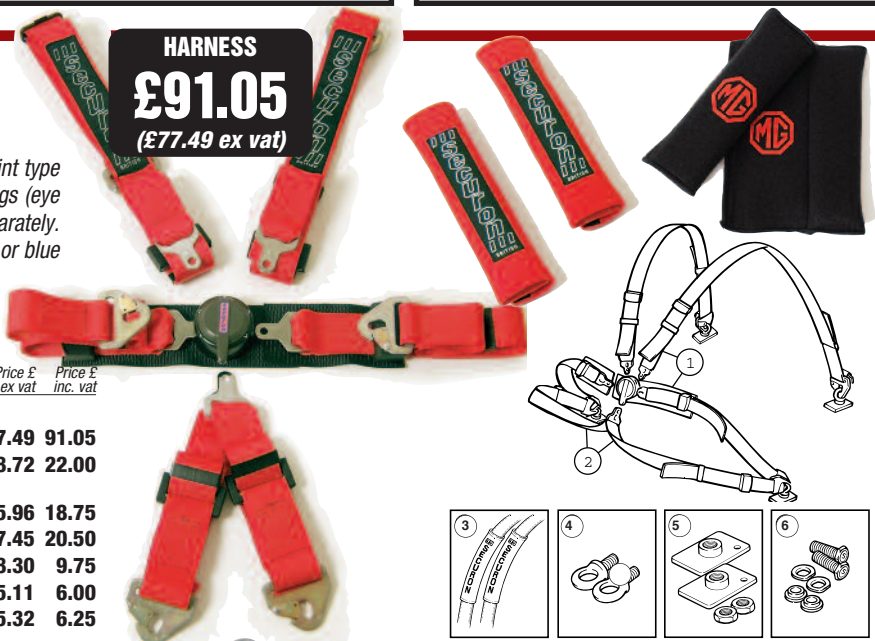

COMPETITION TYPE HARNESS

A popular alternative to standard seat belts - these really do look the part!

The 4-point harness shown (no. 1) can be converted to the 6-point type by the inclusion of the crotch strap listed (no. 2). Note that fittings (eye bolts, reinforcement plates & bolts/spacer sets) are supplied separately. Harnesses are supplied singularly in 2" wide red webbing (black or blue webbing supplied to special order).

This harness is designed for road use - please contact us if you have specific FIA/RAC approved type requirements.

VELCRO SLEEVE

Supplied in 1 size - 0.5"-1.5" diameter (3ft long).

RX1472 39.41 46.31

RADIATOR RELIEF

COOLING SYSTEM ADDITIVE

Radiator relief allows your radiator to transfer heat more efficiently, reducing your engines operating temperature (which is obviously controlled by the thermostat) by up to 30°F. You therefore have 'a little bit in hand' for those hot days stuck in traffic. This proven coolant additive will also cut engine warm-up time in half which will reduce engine wear which is most extreme when the engine is cold. Fully compatible with water and anti-freeze and is safe with cast iron and all alloys.

- 30°F lower operating temperature
- 50% quicker warm up time
- Safe with water/antifreeze mixture
- Safe with cast iron, alloy engines and heads
- Increased engine life!
- 100% biodegradable, non corrosive, non toxic
- For use in all water cooled engines

£13.49
(£11.48 ex vat)

Available in 1 3/8" x 15', 1 3/8" x 30' and 2" x 60' rolls

£23.12
(£19.68 ex vat)

HEAT & SOUND INSULATION MATERIAL

Designed for insulating floors, bulkheads, transmission tunnels and many other applications from the effects of heat, road noise, engine and transmission noise. Made from an aluminium face bonded to a 1/8" composite fibreglass insulation, then backed to an aggressive adhesive. Tough enough for under vehicle applications and harsh environments where high heat can be a problem. Can also block out up to 50% of unwanted noise. Self adhesive, can be cut with tin snips to any shape.

Description	Part No.	Price £ ex vat	Price £ inc. vat

Includes 25ft of HT lead sleeve, 8 plug sleeves & 25 shrink tubes.

HAND CLEANERS

HICLEAN THE HANDY HAND CLEANER

Hiclean, the handy hand cleaner is a novel and unique hand cleaner that cleans dirty hands quickly without water, soap or towel - ideal for use in any situation! It also moisturises hands and disinfects. Simply apply the gel to your dirty hands and gently rub together until the gel dries and the dirt rolls up and falls off. Hiclean Handy Hand Cleaner may be used repeatedly and is perfectly safe on cut hands. It kills pathogens associated with animals and is suitable for use before meals. Available in tubes or sachets, Hiclean Handy Hand Cleaner contains no perfume and is therefore appropriate to use when animals are present.

(£0.25 ex vat)

Hiclean Liquid Gloves is a highly effective barrier cream. Simply smother your hands with Liquid Gloves before work commences. To clean, quickly rinse your hands under a cold tap and all the dirt, grease, ink etc simply comes off. Liquid Gloves moisturises hands and stops the pores becoming blocked with dirt. It prevents cracking, chapping and ingrained dirt.

POWER SOURCE INVERTOR

POWER SOURCE INVERTOR

A power source inverter converts car battery voltage (12v) into a 240v output. You can plug in a variety of mains voltage appliances into the standard uk socket. Three different invertors are available to suit a range of power requirements. There is overload, overheat and short circuit protection on all models.

HAYNES OWNERS WORKSHOP MANUAL - MAN

All models, shapes, sizes and colours,
120,000BC to present day.

Man Manual (2nd edition)

The definitive step-by-step guide to men's health
The first edition of this book became an international best-seller. This new edition, now all in colour, has been revised and updated to take account of developments in the fast-moving world of health care and disease prevention. New material includes sections on asthma, allergies, diabetes, metabolic syndrome and statins.

Men are far more likely to look after their cars than their own bodies!

Reading this could mean the difference between a healthy, high mileage life and premature breakdown.
By Dr Ian Banks. 160 pages, 200 colour illustrations.

Description	Part No.	Price £ ex vat	Price £ inc. vat

Overcooled *or* Overheated?

Ensure correct engine temperature with a

thermo-electric

fan

Tailbacks need hold no fears with a modern day Kenlowe thermo electric cooling fan. Blower or suction models are available from 7 to 17 inch, to suit almost every car. Use for secondary additional cooling or in place of the belt driven fan to release engine power. Complete, easy to fit, DIY kits with mountings, automatic thermal control, and everything you need. We stock Kenlowe fan packages for all classics and most other vehicles - you will be surprised at the fuel saving and the peace of mind you have in traffic with a Kenlowe fan. Kenlowe are proud to have been suppliers to Rimmer for over 25 years.

Kenlowe pioneered thermo electric engine cooling world-wide over 50 years ago and still make the most powerful, most advanced fans you can buy. Deep profile, curved blades build pressure to overcome radiator resistance without excessive amps, ensuring more air out and more heat taken away! Current original equipment vehicle manufacturers of note trust curved blades to deliver the cooling needed, making straight (including sweptback straight) or 'wedge shaped' blades, yesterday's designs.

The fan with a pedigree that won't let you down

QUICKFINDER CATALOGUE LISTINGS

The following sections (in model order) list out popular parts for all MG Rover's, MGB, Midget/AH Sprite, Rover P5 & P6 and New MINI.

HOW TO USE THIS QUICKFINDER

Popular Part Numbers are listed in the Quickfinder listings section - pages 68 to 123 (for the full range refer to website).

Prices are listed in the price section - pages 124 to 151.

- 1) First find the Part Number(s) for the part(s) you require in the Quickfinder listings section.
- 2) Look up the prices in the price section. (Preferably, refer to website for up-to-date prices, as they can change).

GENUINE MG ROVER PARTS

We stock a vast range of genuine MG Rover parts in addition to those listed here. This Quick Finder is intended as a summary listing only for the most popular parts for each model.

The full range of products we offer, some 600,000 individual part numbers, can only be found on-line in our Electronic Parts Catalogue, where we have line drawn parts diagrams, model range information, photographs, fitting instructions and live stock availability (see page 4 for more detail).

Our website also features news, new products, shopping by brand and clearance lines at bargain prices

AFTERMARKET PARTS

Aftermarket (or Pattern Parts) are sometimes sold alongside genuine MG Rover (OE) parts, often with a considerable cost saving (see page 3 for details).

To help identify these parts in the pricing section (page 124 to 151 or on our website), we suffix the end of the MG Rover part number with a 'P' (for Pattern). Sometimes there are other variants of the same part number, for example 'UR' for uprated, or 'SS' for Stainless Steel. It is therefore easy to compare prices and see if there are alternatives available.

MG F (SEP 95 TO FEB 02) & MG TF (FEB 02 ON)

ENGINE - SUMP & FITTINGS MG F (SEP 95 TO FEB 02) & MG TF (FEB 02 ON)

STRAINER AND PIPE ASSEMBLY - oil All models	LSP10027
O RING - oil suction pipe seal All models	CDU2206
SUMP ASSEMBLY - engine oil All models	LSB000390
PLUG - sump assembly oil drain All models	LSF100040L
WASHER - sealing - 14mm - sump drain plug All models	ALU1403L
SCREW - flanged head - M8 x 25 All models	FT108255L
BOLT - flanged head All models	FC108125
OIL RAIL - New Land Rover Spec (use with MLS Head Gasket) All models	LCN000140L
KIT - bearing ladder liquid gasket replacement - 25ml Tube All models	LVV000010

ENGINE - BLOCK & FITTINGS MG F (SEP 95 TO FEB 02) & MG TF (FEB 02 ON)

CYLINDER LINER All models	LCJ000050SLP
SEALANT - for use when Fitting Cylinder Liner K series Engine Models	LVV000108EVA
PULLEY - crankshaft All models	LHG000010

ENGINE - TIMING BELTS & FITTINGS MG F (SEP 95 TO FEB 02) & MG TF (FEB 02 ON)

GEAR - crankshaft timing drive All models	LHH100480
BOLT - crankshaft pulley All models	WAM4243
WASHER - crankshaft pulley All models	LYF10051
PULLEY - camshaft timing belt driven All models -exc VVC exhaust 1.8 VVC inlet 1.8 VVC	LHB101360 LHB101330 LHB101190
WASHER - cam pulley All models	LYF000020
BOLT - cam pulley All models	SX110350
BELT - engine timing - 23mm wide - without auto tensioning All models -exc VVC	CDU2749
26mm wide - auto tensioning All models -exc VVC 1.8 VVC	LHN100560 LHN100390
TENSIONER - timing belt - without auto tensioning All models auto tensioning All models -exc VVC	LHP10015 LHP100900
TIMING BELT KIT - (includes belt & tensioner) 1.6/1.8 Petrol, 23mm wide, non auto tensioning - exc: VVC	RP1071
26mm wide, auto tensioning - exc: VVC 1.8VVC	RP1078 RP1079
CAM GEAR LOCKING TOOL	18G1570
SPRING & SLEEVE ASSEMBLY - belt tensioner - without auto tensioning All models -exc VVC	LHR10005
BOLT - timing belt tensioner pedestal - without auto tensioning All models	WAM3885
CAPSCREW - M10 x 25 -tensioner 1.8 VVC	SS110251
SCREW - flanged head - M6 x 14 - tensioner 1.8 VVC	FS106141
BOLT - adhesive-patch - auto tensioning All models - exc VVC	LYG101460
BOLT - shouldered-timing belt cover special - auto tensioning All models - exc VVC	LHT100060
COVER ASSEMBLY upper rear timing cover All models -exc VVC 1.8 VVC	LJR104320 LJR104760
upper front timing belt All models - exc VVC 1.8 VVC	LJR104000 LJR104770
SCREW M6 x 14 All models M6 x 25 All models	LYP10005 LYP10008
SEAL coolant pump All models timing cover upper All models	LJQ10003L LJQ10008L
BOLT flanged head - upper timing cover M6 x 55 All models M6 x 35 1.8 VVC M6 x 14 All models	FB106115 FB106075 DBP1420

SCREW - flanged head - upper timing cover M6 x 20 All models -exc VVC M6 x 16 1.8 VVC	FS106205 FS106165 LJR104350L
COVER - lower front timing belt All models	
SEAL timing cover All models timing cover lower All models	LJQ10007L LJQ10001L
SCREW - M6 x 16 - timing belt cover lower All models	LYG10015
PULLEY - camshaft - rear 1.8 VVC	LHB101230
WASHER - cam pulley 1.8 VVC	LYF000020
BOLT - cam pulley 1.8 VVC	SX110350
BELT - engine timing - rear 1.8 VVC	LHN100400
COVER ASSEMBLY - rear timing belt inner 1.8 VVC	LJR000110 LJR000120
COVER - rear timing belt - outer 1.8 VVC	FS105101
SCREW - nylon patch - M5 1.8 VVC	FS106205
SCREW - flanged head - M6 x 20 1.8 VVC	

BRAKING - MASTER CYLINDER & SERVO MG F (SEP 95 TO FEB 02) & MG TF (FEB 02 ON)

MASTER CYLINDER MG F without anti lock brakes to AD505 from AD506 to YD525453 MG F with Anti Lock brakes to YD525453 All models from YD525454	SJC10005 SJC10007 SJC10007 SJC000150

SPECIALIST WHEEL CLEANER

MWS Wheel cleaner has been specially developed for use on Classic chromed and painted Wire, Steel and Alloy wheels. The cleaning system has a unique two stage process which not only cleans your wheels it also shines and protects them meaning they look good for longer and are easier to clean in the future.

The kit includes;

- Wheel Cleaning solution (580ml)
- A unique wooden handled wheel cleaning brush and dispenser
- Finish/Protect solution (180ml)
- Pair of disposable gloves

- Breaks down all brake-dust and road grime.
- Enables you to clean into all awkward places.
- Leaves wheels looking bright and clean.
- Protects wheels in the future.

ALL THE PARTS YOU NEED

NOW STOCKING NEW MINI (BMW), MGB & MG MIDGET PARTS TOO!

HOW TO FIND US

We are 2 miles south of Lincoln on the A15 Lincoln to Sleaford road.
When approaching Lincoln from the A1/A46, follow the A1434 signposted to city centre, through North Hykeham, then pick up signs for the A15 to Sleaford. Set your Sat Nav LN4 2NA.

BUSINESS HOURS

8.30am - 5.30pm Monday to Friday and 8.30am - 1pm on Saturday. We are closed Sunday and on all Bank Holidays except Good Friday.

Rimmer Bros. Triumph House, Sleaford Road, Bracebridge Heath, Lincoln LN4 2NA England.

Sales: 01522 568000. (OUTSIDE UK +44 1522 568000).
